Apps for Boaters

Mariners may find the following listing of boating related apps for smartphones, iPods Touches, and tablets useful in their boating activities. Many are free but not all. Note that this listing does NOT suggest endorsement by USPS of any of the apps. See the USPS Disclaimer page (<http://www.usps.org/images/secretary/itcom/disclaimer.pdf>) for information.

There may be different versions of an app, depending on the device you're using. For instance, there may be a unique app download for an iPad that's different in size and possibly function from an app for an iPhone or iPod Touch.

iOS (iTunes Store)
