Cape Fear Sail & Power Squadron

CFSPS Membership Meeting on 26 June at Bluewater Grill, Wrightsville Beach.

Our speaker Steve Pfaff, Warning Coordination Meteorologist with the National Weather Service in Wilmington will be talking about rip currents during his presentation. Rip currents kill approximately 100 people each year in the United States and account for 80% of all surf related rescues. Steve will discuss why rip currents are so dangerous, how to spot them, and what you should do if you are caught in one - or if you see someone in a rip current.

- 1800 (6:00pm) Social
- 1900 (7:00pm) General Membership Meeting
- 1930 (7:30pm) Steve Pfaff, Warning Coordination Meteorologist
- No Fee

Please remember to make reservations downstairs in the Bluewater Grill restaurant, if you would like to have dinner there, as no food is allowed upstairs in the meeting room.
